Scan this QR Code:
 - » Contact county emergency management for details 970-385-7552

PREPARE PETS:

- Have identification on your animal
 - » Many animal species can be microchipped
- Have veterinary records and medications in one easy-to-find place
- Transport food, water and bowls in easy-to-carry, sealed containers
- Ask your neighbor's help if you are not home during an evacuation
 - » Do you have a family member or friend that can help house your animals?
- Dogs and small pets should be securely crated/leashed with only one animal per carrier
 - » Even well-behaved pets can panic and run away during a stressful event; a carrier can keep them safe

PREPARE HORSES, LIVESTOCK & OTHER LARGE ANIMALS:

- Have a livestock trailer and reliable vehicle for towing the trailer
- Practice loading your livestock into the trailer and towing it before an emergency
